IGI Release Management

Integration Process

- acceptance procedure for new products/services to become part of IGI Release

Certification Process

- Developers Checklist - pre-certification steps that **MUST** be completed before requesting the certification of a new product/service version .
- Certification Process

TODO List

On 06/12/2011 the first IGI Release survey has been closed:

- The goal of the survey was to identify the weak point in the IGI Release documentation and to identify middleware service most interested for our sites.

The result can be found at:

- IGI Release survey on Improvements & Priorities

The IGI Release priorities were established taking in account the results of this survey and are to release grid services in the following order

- CREAM CE with DGAS_sensor integrated
- WN, UI
- gLExec-WN
- DPM
- WMS
- LB
- ARGUS
- VOMS
- FTS
- dCache
- LFC.
