RSS news feed of topic changes

You can use an RSS news reader to find out what is new in a TWiki web. This complements WebChanges that shows recent changes in a web, and WebNotify where people can subscribe to get notified of recent changes by e-mail.

For the Main web, point your RSS news reader to:

<https://wiki-igi.cnaf.infn.it/twiki/bin/view/Main/WebRss>

For other TWiki webs, replace /Main/ with the name of the web:
