UI/Condor Submit Node for WeNMR job submission to OSG

ui-wenmr.pd.infn.it is a UI/Condor Submit Node used by WeNMR for job submission to OSG sites through VO SBGrid (/SBGrid/WeNMR VOMS proxies) or through VO enmr.eu.

Management instructions

Because of an upper case problem in the word SBGrid using voms-proxy-init (Error: verify failed.-Cannot verify AC signature!), a copy of this directory was done after installation:

```
cp -r /etc/grid-security/vomsdir/sbgrid /etc/grid-security/vomsdir/SBGrid
```

In case SBGrid VOMS parameters change (see <https://hpc.sbgid.org:8443/voms/SBGrid/Configuration.do>), and therefore a new yaim configuration is needed, remember to repeat that command.
